

JACOBS JOSHUA

Backend Engineer

@ jacobsjoshua81@gmail.com www.linkedin.com/in/jacobsjoshuaoyakhire [Lagos, Nigeria](#)

SUMMARY

Full Stack Software Engineer with 3+ years of experience building and maintaining scalable web applications using PHP, JavaScript, and their frameworks. Skilled in designing robust backend architectures, optimizing development workflows, reducing debug time, and integrating third-party APIs to extend application functionality.. Beyond coding, I focus on delivering business value by creating efficient, user-friendly, and reliable solutions that help organizations streamline operations and achieve growth.
